

Vital Bon-Matt HR

Heavy duty dust suppression technology specifically designed for all high traffic, unsealed road surfaces.

An environmentally sound formulation for efficient dust control and stabilisation, Vital Bon-Matt HR is a heavy duty, robust and concentrated formulation. Designed for use on all unsealed roads, high traffic access roads and hardstand and laydown areas.

- Highly efficient dust control
- Long-term cost savings
- Improved visibility and safety
- Reduced water cart usage
- Significant water savings
- Increased surface longevity
- Cures in hours, will not remobilise
- Certified as non-hazardous
- Durable, long lasting stabilisation

Now available in a Ready to Use formulation!

VC Vital Chemical

Vital Chemical is leading the way in the research, development, formulation and supply of science-based solutions proven to support environmental compliance, reduce operational costs and achieve sustainable outcomes through the project lifetime.

EROSION CONTROL

- Short, medium and long term solutions
- Superior ground stabilisation
- Cures within hours, mitigating remobilisation from high impact weather events

DUST SUPPRESSION

- Short, medium and long term solutions
- Sustainable dust management for unsealed and high trafficked surfaces
- Cost effective products proven to reduce water cart usage

REVEGETATION

- Sustainably sourced solutions for a range of application requirements
- Enhanced moisture retention capabilities providing cost efficiencies
- Carbon rich varieties to restore and regenerate nutrient depleted soils

WATER TREATMENT

- End-to-end water treatment solutions
- Easy to apply flocculants, coagulating agents and dosing systems
- Cost efficient and workplace safe products to optimise site operations

THICKENING AGENT

- Organic thickening and binding properties turning slurries into manageable solids
- High liquid absorption rate reducing moisture levels
- Fully biodegradable properties ensuring best possible outcomes for the environment
