

Vital Bon-Matt P47-VR1

Cost-Effective, Instant and Sustainable Surface Stabilisation Technology

Vital Bon-Matt P47-VR1 is a multipurpose veneer designed for applications over surfaces where strength, durability and flexibility are required for shorter term stabilisation.

An inert and environmentally sound formulation, Vital Bon-Matt P47-VR1 is ideal for the control of erosion and dust on non-trafficked areas to provide highly effective short to medium term stabilisation.

Now available in a Ready to Use formulation!

 **Vital
Chemical**

Vital Chemical is leading the way in the research, development, formulation and supply of science-based solutions proven to support environmental compliance, reduce operational costs and achieve sustainable outcomes through the project lifetime.

EROSION CONTROL

- Short, medium and long term solutions
- Superior ground stabilisation
- Cures within hours, mitigating remobilisation from high impact weather events

DUST SUPPRESSION

- Short, medium and long term solutions
- Sustainable dust management for unsealed and high trafficked surfaces
- Cost effective products proven to reduce water cart usage

REVEGETATION

- Sustainably sourced solutions for a range of application requirements
- Enhanced moisture retention capabilities providing cost efficiencies
- Carbon rich varieties to restore and regenerate nutrient depleted soils

WATER TREATMENT

- End-to-end water treatment solutions
- Easy to apply flocculants, coagulating agents and dosing systems
- Cost efficient and workplace safe products to optimise site operations

THICKENING AGENT

- Organic thickening and binding properties turning slurries into manageable solids
- High liquid absorption rate reducing moisture levels
- Fully biodegradable properties ensuring best possible outcomes for the environment
